

DOG-ON-IT PARKS

DOG-ON-IT-PARKS.COM

Dirty dogs are no match for this convenient dog wash station. Featuring a hose hook (hose furnished by end user) and dual $\frac{3}{4}$ inch hose connections with vacuum breakers, the station also offers adjustable metering control valves to time water flow from 5-60 seconds. With all stainless steel construction plus 15 powder coat colors to choose from, this station is ideal for public parks, apartment communities and other pet-friendly spaces.
