DOG-ON-IT-PARKS.COM

The NatureDog™ System offers seven unique agility components that complement the natural environment. It features one each: Terrier Tunnel, Dog Through the Log, Dog Leg Walk (Set of 2), Small Boulder, Large Boulder, Little Stump Jump and Big Stump Jump. All pieces are suitable for dogs of all sizes and abilities, and feature textured walking surfaces for slip resistance. All NatureDog™ components include flanges that provide the flexibility of multiple installation options. Pricing includes a courtesy 5% package discount compared to a la carte selections and a free Fire Hydrant or (3) Fence Silhouettes. For more details, please see specifications for individual components.
