DOG-ON-IT-PARKS.COM

Handcrafted with our exclusive polymer blend and detailed to look like the real thing! The Dog Through the Log is designed to easily accommodate our larger friends with a generous 31" height and length of 50". Just like all our NatureDog components, it features heavy duty flanges to accommodate anchor bolts for permanent installations or landscape stakes/staples for more flexibility. These unique components accentuate the natural environment and no two pieces are exactly alike.
