

Handcrafted with our super durable polymer blend, molded and detailed to look like the real thing! The Dog Leg Walk allows your dog to practice its balance and jumping skills by walking down one log and hopping onto the other. This also makes a great bench! Just like all our NatureDog components, it features heavy duty flanges to accommodate anchor bolts for permanent installations or landscape staples/stakes for more flexibility. These unique components accentuate the natural environment and no two pieces are exactly alike.

# **NAT7103 DOG LEG WALK**
