

DOG ON IT PARKS

DOG-ON-IT-PARKS.COM

Handcrafted with durable reinforced resin and detailed to look like the real thing! The Small Stepping Stone is an easy way to round out your park, and helps dogs improve their balance and confidence as they step from one component to the other. Just like all of our NatureDog components, they feature heavy duty flanges to accommodate anchor bolts for permanent installations or landscape stakes/staples for more flexibility. These unique components accentuate the natural environment and no two pieces are exactly alike.
